## Hyundai Accent 2006-2010 Auto Head Lamp Genuine Replacement Light Fixture

Our Product Introduction

For more products please visit us on [automobile-sparepart.com](http://automobile-sparepart.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: R92102-1E040 L92101-1E040
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 5-30 days
- Payment Terms: D/P, L/C, T/T

### Product Specification

- Product Name: Head Lamp
- Size: Standard
- Warranty: 12 Months
- Highlight: Hyundai Accent 2006 Auto Head Lamp, Genuine Replacement Light Fixture Head Lamp, Hyundai Accent Head Lamp

## Product Description

### Product Description:

A headlamp, often referred to as a headlight, stands as an essential element within the lighting assembly of a vehicle. Positioned at the forefront of the automobile, it serves a dual purpose. Primarily, it casts light to pave the way for the driver to navigate the roads under low visibility conditions. Additionally, it acts as a beacon, ensuring that the vehicle is conspicuous to fellow road users.

Essentially, the job of the headlamp extends beyond mere illumination. It plays a critical part in road safety, facilitating clear vision during nighttime driving or through inclement weather. By doing so, it also signals the presence of the vehicle to others on the road, aiding in the prevention of accidents and enhancing overall traffic safety.

### Features:

#### Lighting Performance

Step into the world of exceptional night-time clarity with our innovatively designed headlamp. This product is engineered to cast a bright and focused ray of light, effectively enhancing visibility when darkness descends or in dimly lit environments. It features a precise beam pattern intricately shaped to light up your path while taking care not to obscure the vision of incoming traffic, safeguarding you and others on the road.

#### High-Quality Construction

Commitment to excellence is evident in the construction of our headlamps. Composed of premium-grade plastics and fortified with impact-resistant lenses, our headlamps boast a robust build that holds up against the onslaught of road debris, harsh weather conditions, and the deteriorating effects of UV rays. This translates to sustained performance and a steadfast companion for your journeys.

#### Enhanced Safety

Safety takes a front seat with our headlamp's design philosophy. Recognizing the cruciality of impeccable road visibility, our product generates a broad and seamless light distribution that effectively minimizes blind spots and expands the driver's peripheral vision. This augmented field of sight significantly elevates the safety quotient for all – drivers and fellow travelers alike.

#### Compliance and Certification

Rest assured, our headlamp stands as a paragon of industry conformity and best practices. Each unit is meticulously tested against stringent safety and performance mandates to meet or surpass the benchmarks that govern our sector. This relentless quest for quality assures that our headlamp is not only faultless in construction but trustworthy in operation, instilling confidence with every journey.

### FAQ:

#### 1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

#### 2. How can we guarantee quality?

Always a pre-production sample before mass production;  
Always final inspection before shipment.

#### 3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years  
A large of stock  
Professional export company  
Accept small order  
We can design anything well according to customers' requirment
